Kamogelo Legae

Meadowlands, Soweto • (+27) 67-078-8881 • shaquanlegae@gmail.com

SUMMARY

Early-career software engineering professional seeking a graduate opportunity within a large-scale, fast-paced technology environment. Strong programming background with hands-on experience in full-stack development, system design, testing, and problem-solving. Comfortable working in collaborative teams, writing clean and maintainable code, and contributing to software solutions that operate at scale.

PROJECTS AND WORK EXPERIENCE

OUTFITAI (AI & FULL-STACK APPLICATION) Johannesburg, GP
Personal Project GitHub Nov 2025
Flask, TensorFlow, REST APIs, PostgreSQL
Github.com/Shaquan-Legae/OutfitAI

- Designed and developed an AI-powered wardrobe assistant that recommends outfits based on weather, user preferences and latest fashion trends.
- Implemented image recognition to classify clothing items by type, color, and material,
- Integrated external weather APIs and built RESTful services for data processing and recommendations.

CROP-IQ (DATA ANALYTICS WEB APPLICATION) Johannesburg, GP
Group Project GitHub Feb - Nov 2025
HTML, CSS, JavaScript, Flask, TensorFlow, Firebase, SQLite
Github.com/Shaquan-Legae/CropIQ

- Contributed to the development of an AI-driven agriculture web application enabling data-driven crop health management.
- Supported frontend development and integration of user-facing features including dashboards and knowledge resources
- Assisted in implementing AI-powered pest, disease, and weed detection using TensorFlow
- Participated in internal testing to validate system reliability, performance, and usability
- Collaborated within a multidisciplinary team to deliver a sustainable digital solution aligned with food security goals

CONSTRUCTION WORKER Roodepoort, GP
Painting and Maintenance Dec 2024 – Jan 2025

- Contributed to various building projects, focusing on painting, repairs, and ensuring the structural upkeep of facilities for *Bona Lesedi Trading And Projects Cc.*

MAISH 3-DAY HACKATHON Emalahleni, MP
Team Leader Nov 2023

- Led team of 6 to design and implement Android application in using Java, Kotlin, and JetPack Compose in 3-day hackathon
- Presented application to scan, sort and categorize forms of waste

BOUNCER Meadowlands, GP
Event Security Dec 2022 – Jan 2023

- Worked in the capacity of a security professional, ensuring the safety and well-being of patrons at soirées.

GEEK-ISH HACKATHON Rockville, GP
Team Leader Nov 2018

- Led the team to build a working website for Phafogang Secondary School using HTML5, CSS3 and JavaScript

EDUCATION

UNIVERSITY OF MPUMALANGA Mbombela, MP
Bachelor of Information and Communication Technology Feb 2023 - Present
Undergraduate
Relevant Coursework: Software Engineering, Operating Systems, Communication Networking I & II, Data Structures & Algorithms, Data Analytics, Artificial Intelligence, Pre-Calculus, Calculus, and Principles of Statistics.

PHAFOGANG SECONDARY SCHOOL Rockville, GP
National Senior Certificate (Matric) – NQF Level 4 2022

SKILLS, ACTIVITIES AND INTERESTS

Technical Skills: Java, Python, JavaScript; front-end and back-end development with RESTful APIs; data cleaning, analysis, and basic statistical methods; data visualization using Power BI and dashboards; SQL and PostgreSQL; basic testing, validation, and debugging; Git, Microsoft Excel, and Microsoft Office.
Languages: Fluent in English, Setswana, and IsiZulu
Certifications: NQF Level 4 NSC Bachelor Certificate (2022), IBM Introduction to Cloud (2024), IBM Introduction to Containers, Kubernetes, and OpenShift V2 (2024)
